COURSE OVERVIEW

This course is based on current scientific literature and evidence based strategies to give the clinician practical guidelines regarding the use of ultrasonic instrumentation for nonsurgical periodontal therapy. Ultrasonic instrumentation techniques will be covered extensively following the dental hygiene process of care.

ABOUT THE PRESENTER

Karen Hays, RDH, BS is the Western Clinical Educator for DENTSPLY Professional, presenting lectures on ultrasonic instrumentation, anesthesia, and implant maintenance. Karen has over 20 years of experience in dentistry, including teaching both clinical Dental Hygiene at Chabot Community College and Dental Assisting at Heald College. She has published articles and held local positions in the California Dental Hygiene Association. Karen graduated in 1985 from Gulf Coast Community College in Florida as a Certified Dental Assistant and in 1993 from Pensacola Junior College with an Associate of Science degree in Dental Hygiene. She completed her bachelor's degree in dental hygiene at University of Bridgeport Fones School of Dental Hygiene. Karen has developed and presented educational programs to dental and dental hygiene students, professional associations, dental societies and study clubs. Her focus is to provide dental professionals with current scientific research and information to assist them in implementing effective and efficient evidence based treatment protocols in their clinical practice.
